## From the president:

Wow we are almost nearing the end of the year with our last set subject photos due on Tuesday and only a couple of field trips left to go. We have changed the date for the field trip to Miranda after finding out about their workshops and working bees. We will now leave at 7am for the 9.45am high tide on Saturday 17 October. This may mean that if you are planning on coming along you will have to make an early vote before Saturday.

We had so much fun last month making digital collages that we will continue this month if you wish to come along to the Photoshop skills night in Chartwell. In November we will look at painting photos to create your own art.

*Portrait of a Rooster by Jacqui Stokes*

We still have yet to get the results for the Photoshop and our judge Bruce has apologised for being unable to contact us about not making the night. Bruce will attend on Tuesday to give the results along with the usual monthly competition results.

Due to restrictions in different countries with Covid, the 5 ways exchange is going to be delayed. We will plan to view all the photos early next year. Instead we are planning a hands on night of creative photography. Think flowers, smoke, bubbles, reflections and colour. Bring along your camera, macro lens, tripod, and a flash and an open mind to try something different.

As we near the end of the year we need to start planning for 2021. This means putting together subjects so that we can book in judges nice and early. If you have any ideas for subjects or for field trips for next year please let the committee know so we can put it into our planning for next year.

**Jacqui Stokes, President**

**Many thanks goes to Val McArthur for her work as Treasurer for our club, for the past six years. She has done an excellent job and our finances are in good shape.**

### ***SUBJECTS For OCTOBER AND NOVEMBER 2020***

#### **Seasons Entries Due by 13 October**

The field is wide open with imagination.

Winter, Spring, Summer, Autumn

Winter lends itself to frosts, snow, woolly jumpers, children splashing in puddles and gumboots.

Spring can be bouncing lambs or daffodils. The beginning of life; be it animals or plants, maybe just trees bursting into life

Summer is a season of flowers, roses, green grass, flowering of trees or just growing trees, beaches and summer activities.

Autumn are the lovely autumn leaves that bounce along in the wind. Autumn colours, long shadows and the wind.

These are just a few ideas that spring to mind; I am sure you will have plenty of your own...

## **End of year Awards Entries Due by 10 November**

Up to four entries (from each medium) i.e. a maximum of 8 images (4 projected + 4 print), may be entered from entries submitted during the current competition year (February to November)

You may use any images, including ones from Landscape Memorials or Photojournalism competitions. (Waikato Photographic Society images only).

The following awards will be selected from images entered:

- 1 In EACH GRADE: Champion colour projected image, Champion monochrome projected image, Champion colour print, Champion monochrome print.
- 2 OPEN competitions .... Champion Nature Print and Champion Nature Projected Image
- 3 ALL MEDIA ALL GRADES competitions: Champion Portrait, Champion Landscape, Most Creative Image.

The judge decides which images will be considered for each “award”.

Competition Rules state: “Entries in the annual competition will be judged to a high standard and no award will be made in any year if, in the opinion of the judge, a sufficient standard has not been reached”.

*Please contact a member of the committee if you need further clarification.*

**The photo on the right is one that an anonymous member of our club really likes because of the look on the young boy’s face. He is so proud to be holding the adult’s bottles of drink. This was taken by Henri Cartier-Bresson (1908 - 2004), who pioneered Street Photography.**
